

Summaiya Bibi

Senior Machine Learning Engineer

summaiya.ai@gmail.com | +92 346 6577540 | Islamabad, Pakistan | [LinkedIn](#) | [GitHub](#) | [Kaggle](#)

PROFESSIONAL SUMMARY

Results-driven and detail-oriented Senior Machine Learning Engineer with 2+ years of experience in Python, PyTorch, TensorFlow, NLP, LangChain, Docker. AI/ML Engineer with experience in developing predictive ML models. Recognized for delivering scalable solutions, optimizing system performance, and driving measurable business impact.

TECHNICAL SKILLS

Python, PyTorch, TensorFlow, NLP, LangChain, Docker, FastAPI, AWS, SQL, Scikit-Learn, Pandas, NumPy

EXPERIENCE

Machine Learning Engineer — Cognitive AI Solutions

Islamabad, Pakistan | 2024 - Present

- Architected end-to-end RAG system using LangChain and FAISS.
- Fine-tuned Transformer models for intent classification with F1=0.94.

PROJECTS

Enterprise Document QA System

AI-powered document intelligence platform.

Technologies: Python, LangChain, PyTorch, FastAPI

EDUCATION

- BS Computer Science - Virtual University of Pakistan (2021-2025)

CERTIFICATIONS

- Deep Learning Specialization (DeepLearning.AI)
- AWS Certified ML Specialty
